## Experiment setup

### Protocols

Selection scheme  
Number of transfers  
...

### Species phenotype

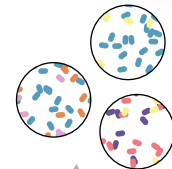

Resource uptake rate  
Per-capita contribution to function  
...

### Metacommunity

Number of communities  
Supplied resources  
...

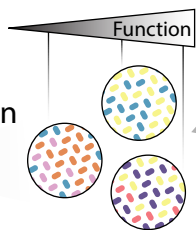

## Simulation

Batch culture

Rank  
community  
function

Next generation  
seeding  
(selection)

## Output

Community  
composition  
function
